Styles and Averex have split up in two teams to pull security during the parade, while doing a sweep for explosive devices.

Meanwhile, Shelia, Thug Passion, and Jade Fox are doing their patrols in the Asian regions. Shelia has a team in Tokyo, while Thug Passion and Jade Fox pull security in Hong Kong.

Thug Passion: Why does Suju always order Styles to have me team up with another warrior? I can't believe Shelia was chosen to be head of the security team in Tokyo. Why couldn't I have that mission? After all the shit I have done for the Katalambano. They picked her over me.

Thug Passion pauses his conversation with Jade Fox, as he drools over this beautiful Asian woman that passes by. He grabs his crotch before he speaks.

Thug Passion: What's up, ma? Come and meet your destiny.

She passes by as if her mind was focused on something else.

Thug Passion: Some people wouldn't know a good thing until it slaps them in the face.

Jade Fox: And some people wouldn't know the definition of being an asshole, until handcuffs are slapped on their wrist. This is the reason why you are not in charge. Because you are not ready! Let's go, Thug Passion! Keep your eyes open for Karkase soldiers! Not Asian women that are on a quest for a green card!

*Romulous*

Jade Fox walks off while a few of the warriors follow her, while a few warriors still remain behind, laughing at Thug Passion.

Thug Passion: Who does that bitch think she is? She is getting beside herself! Fuck this shit!

Jade Fox turns around after she walked away about a hundred meters.

Jade Fox: Excuse me! What did you just say?

One the warriors begins to speak to Thug Passion under his breath.

Warrior: Damn. Why did you have say that? She looks pissed.

Jade Fox: You better watch your mouth, Thug Passion! Because I am the last bitch that you want to fuck with! I tell you what. You walk in front me so that I don't have to hear your vulgar comments. Since you are so hard up on being a leader, then you can lead from the front. Just to remind you, Thug Passion, that although you are front, all commands will come from me.

Thug Passion walks ahead of Jade Fox and the other warriors. He looks pissed as he continues to walk ahead of the warriors in silence.

Buck and Chaos are standing on the sidewalk of the street with a look of confusion as they observe the Love Parade.

Buck: What da fuck is this?

*Katalambano - By Any Means Necessary*

Chaos: I don't know, Buck. Somebody better tell those homos something. Dressing up like the Village People played out a long time ago. It's not the seventies no more.

Buck: I am not feeling this shit. This is not my kind of party. Let's bounce.

Buck and Chaos push their way through crowd, trying to hurry up and leave. A few minutes later, they are stopped by some gays dressed up as drag queens.

Drag Queen: Where are you two fine brothers rushing to?

Buck: Get the fuck out of my way!

Drag Queen: Come on, guys, just hear me out, okay. It won't take long. I promise.

Chaos: Yo freak! I don't want to hear anything that you got to say! Back the fuck up and move the fuck out of my way!

Drag Queen: No you didn't! You just hold up one minute! In case you didn't know, this is a love parade! Now show me some love by hearing what I got say!

Buck throws the drag queen down on the street and continues pushing through the crowd with Chaos. Styles and Averex split up the team pulling security, while sweeping the perimeter for explosives.

Black Wan and Desert Eagle are in downtown Frankfurt, Germany. Neutron and Psycho are pulling security in Paris. The Prime Minister of England and the leaders of Spain canceled the Love Parade to prevent terrorist attacks from Karkase. The other warriors are located in other regions of Europe. NATO's Katalambano and Omega 2000 have diversified the warriors among the two coalitions. The time
