

Anaconda and his soldiers decide to rebel against Ecstasy for losing his family's invention. Ecstasy recognizes that Anaconda poses a threat to his secret terrorist organization, so Ecstasy secretly uses his sorcery to persuade Anaconda to get revenge by taking Nicholas Styles's father's life. However, this act of vengeance is Ecstasy's own personal vendetta.

Ecstasy is under the influence of a generational curse. Family affairs have been in existence since the beginning of time. From the day of the first living vessels of man and woman named Adam and Eve later issued two offspring, Cain and Abel. Cain killed his brother because of jealousy and envy. Generations later arose from the seed of Abraham that bore the offspring of Jacob and Esau. Jacob stole Esau's blessing. Esau became furious and decided to kill Jacob. Centuries later, Romulus and Remus came forth, and together they built the city of Rome. Romulus killed his brother Remus because of a disagreement. Millennia later, a new renaissance of good and evil emerges, in the persons of Nicholas Styles and Ecstasy, representing the *Yin-Yang*, a symbol that reflects a picture of universal harmony and the unity between all opposites. Ecstasy represents the *Yin*, which is the dark, passive, and negative. Nicholas Styles represents the *Yang*, which is the light, active, and positive principle. They were separated at birth, because of their father's prejudice against Ecstasy for being of a darker skin color. Now, thirty years later, the family's dark secret has become exposed to Nicholas Styles and Ecstasy. One brother learns to accept the hidden dragon and puts his

family's dark secret behind, but the other brother becomes even more bitter about the past and makes it his own personal vendetta. Nicholas Styles is unaware that soon he will reunite with his father and brother under unpleasant circumstances.

Karkase has regrouped to a secret hideout in the Florida Keys. Ecstasy and Anaconda are having a private discussion about the abduction of his family's Secret Mechanism Device.

**Anaconda:** I would like to know. Who put your incompetent ass in charge of this operation? My family invention is gone forever! It is now in the hands of the Katalambano! You had the Secret Mechanism Device right in the palm of your hand, yet you lost it because you failed to pay attention to detail! You are not a terrorist! You are too stupid! You should have stayed in the monastery as a worthless choir boy!

**Ecstasy:** You shut the fuck up now, Anaconda! This is my domain! You are not in Russia anymore! Don't forget I gave your ass sanctuary, when you became a fugitive from the KGB!

**Anaconda:** You can't feel my pain, Ex! That was the only thing I had left in the world to remember my parents. Hell, I don't even have photos to remember them by. It doesn't

matter if you put yourself in my shoes, they still won't fit your incompetent ass!

**Ecstasy:** Silence! Your shoes are too small for me, Anaconda, because my parents died a long time ago.

**Anaconda:** Only your mother, Ex, but not your father. Nitro told me the story about your father and he also told me about your brother—Nicholas Styles, who happens to be the leader of the Katalambano? Looks like I'm in the middle of a family affair.

**Ecstasy:** The world will be a better place when everybody decides to mind their own business. As far as I am concerned, my father is dead. If he isn't now, then he will be soon.

**Anaconda:** I want revenge, Ex! I didn't join Karkase so that the Katalambano can make a mockery out of my parents' invention or to participate in your personal vendetta!

Suddenly, Ecstasy becomes interested in helping Anaconda, because he can also relate to his pain and misery. He pauses and spontaneously maps out a plan inside his brain that will assist him in destroying his father. It is cruel and unusual punishment that will destroy many lives.

**Ecstasy:** Be not in despair, Anaconda. Vengeance
